PARK RULES + PRACTICAL INFORMATION BOSPARC DE HOEVENAER

General use

When using audiovisual equipment or engaging in outdoor activities (sports/games), we kindly ask you to ensure that other guests are not disturbed between 10 p.m. and 8 a.m.

Barbecuing is only permitted on the designated and suitable equipment. You must always have a full bucket of water at hand. Open fires are not permitted.

Only paraffin firelogs may be burned in the fireplace. These can be purchased at reception.

Dogs must always be kept on a leash outside the property so that others are not disturbed. Pet waste must be cleaned up by the owner. There is a dispenser with free dog waste bags to the right of the reception building.

Please ventilate the bathroom well when using it. The properties use a central ventilation system. This can be set to maximum via the switch in the kitchen. This is to prevent mould growth.

Setting off fireworks on or near the properties in the park is not permitted.

Use of vehicles

National traffic regulations apply on the roads in the park.

The maximum speed in the park is ten (10) kilometres per hour.

Vehicles should be parked on the grass pavers of the rented property as much as possible, with a maximum of 2 vehicles (passenger car or small van) per property. This is to prevent damage to the grass.

With the parking tag you receive, you can access the park via the barrier (maximum 1 vehicle per opening).

Visitors must park their vehicles in the central car park in front of the reception building.

It is prohibited to ride mini bikes, quads, motocross bikes, etc. in the park.

Washing, tinkering with or repairing vehicles is prohibited. This is partly due to the park's location in a water extraction area.

It is not permitted to charge a hybrid or electric vehicle from a regular wall socket in the accommodation.

Waste disposal

We kindly request that you do not place household waste outside the accommodation, but deposit it in the designated waste containers. This is to prevent vermin and litter.

Electric car charging points

The nearest public charging points are located approximately 500 metres from the park (Houtwal 4 and 52 in Hoeven). These are provided by Stella Power and deliver up to 17kW.

Approximately 850 metres away (Bovendonksestraat 89 in Hoeven) there are four charging stations operated by Robo Charge, which supply up to 22 kW.

For an up-to-date overview of charging points and their occupancy, please visit the website <https://www.oplaadpalen.nl>.

Sandwich service

You can order your sandwiches, fillings and related items for breakfast via our reception. These will be delivered to your front door the next day.

Check-out

Check-out is possible until 10:00 a.m. You can do this in person at the reception desk or deposit your keys in the key safe on the front of the reception desk.
